Dear Sir:

Pursuant to 37 C.F.R. 1.56 and 37 C.F.R. 1.97 applicants wish to make of record the material cited on the attached form 1449 and discussed in the subject Continuation-in-Part application. Most of the references listed on form 1449 are mentioned in the subject Continuation-in-Part application and in some instances incorporated by reference. Most of the references are in the nature of background material while more pertinent references are discussed in the body of the application. Copies of the US references cited on the PTO form 1449 are attached. A copy of the foreign reference is attached.

The filing of this Information Disclosure Statement shall not be construed as a representation that a search has been made (37 C.F.R. 1.97(g)), or an admission that the information cited is, or is considered to be, material to patentability or that no other material information exists.

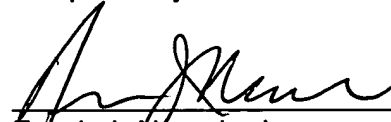

The filing of this Information Disclosure Statement shall not be construed as an admission against interest in any manner.

The person making this statement is the practitioner and the information supplied was on the basis of information in practitioner's file.

TRANSMITTAL LETTER

Box Patent Application
Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

Enclosed for filing under 37 C.F.R. 1.53(b) is a non-provisional patent application which is a continuation-in-part of U.S. patent application S.N. 09/471,994, filed December 23, 1999 and also a continuation-in-part of U.S. patent application of S. N. 09/982,325, filed October 17, 2001 which, in turn, is a divisional application of the 09/471,994 patent application.

Please note that in accordance with conventional practice the Declaration is stapled with the specification before the drawings.

The parent application has been allowed and the Final Fee paid but the parent application (09/471,994) has not yet issued as of the date of this C-I-P application. When the parent patent issues, the identifying indicia set forth in the first paragraph of the subject application will be changed to identify the parent application also by its U.S. patent number. Because the parent application has been incorporated by reference into the subject C-I-P application, a copy with drawings is submitted herewith. It is not prior art under 35 USC §120.

Express Mail label number: ET765827466US

If any fees are required to complete the filing of the subject application which are not tendered herewith, you are authorized to charge such fees to my Deposit Account No. 14-0610. A duplicate copy of this letter is attached to facilitate charging the Deposit Account. If for any reason papers transmitted herewith are not deemed to constitute a filing of the subject application, please treat this letter as a petition under any appropriate CFR provision to accept the attached material as a non-provisional patent application filing with a filing date (pursuant to the CFR provisions governing Express Mail) as of the date hereof and any fees required for such petition are to be assessed against my Deposit Account No. 14-0610.
